# Excel Classic

What a home should be.

Whatever most says “home” to you is found in the remarkable Excel Classic fifth wheel RV. Comforts, both large and small, surround you at every turn. Natural light infuses your living space with energy and warmth. Open spaces invite you to dream and make dreams come true. Thoughtful design enhances your lifestyle and makes the day-to-day routine a pleasure.

For over three decades, the spirit of excellence has found a home at Excel.

And while the Excel Classic beguiles you with its charms, your practical side will embrace the practicality and value of a well-crafted unit with unparalleled fit and finish. Excel's unrelenting attention to detail and masterful craftsmanship will continually remind you that the Classic is one of the best values in the RV world.

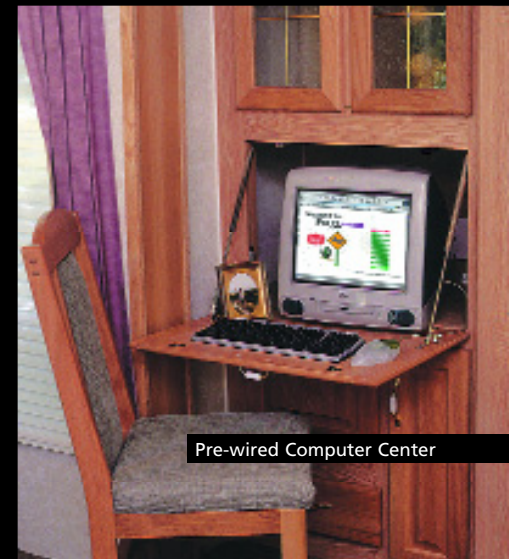

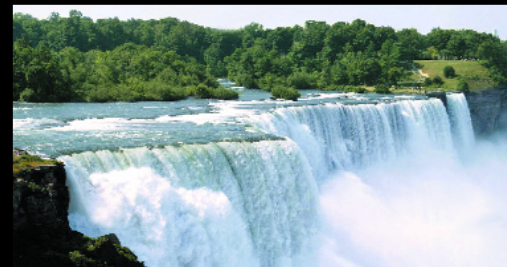

With 15 well-designed floorplans, it's easy to find an Excel Classic that fits your lifestyle and your personal taste to perfection. And with new features for 2001, the Classic is easier to live in—and live with—than ever before.

The new "Chill Grille" vent is one feature you're sure to appreciate on those hot summer days. The Chill Grille directs all the cooling from your central air conditioning into the living area, providing quick cooling where you need it most.

Other thoughtful features, available in most Classic floorplans, include a "Sofa Caddy" with storage drawer, magazine rack and TV tray built right into the couch, and a prewired computer center that makes staying connected as easy as plugging into convenient wiring outlets.

Pre-wired Computer Center

## Excel Classic Standard Features:

- Self-Adjusting/Self-Leveling Flush Slide Out Floor
- 1 7/8" Thick Radius Gel-Coated Access Doors
- Queen Innerspring Mattress with Bedspread, Pillows and Shams

- Nightstand on Each Side of the Bed

Classic value from a fifth wheel loaded with value.

No other RV in history can match the Excel Limited Edition for home-like amenities and uncompromising quality. Choose from remarkable options like our exclusive, fully functional gas fireplace; island kitchen; and so much more.

With 17 spectacular floorplans to choose from, your Limited Edition will become the envy of every other RVer you meet in your travels—and a source of pride and contentment for years to come.

# Excel Limited

Remarkable comfort and style.

A new way to define luxury...a new kind of RV living.

The Excel Limited Edition represents the closest thing to an “ideal RV” you’ll find on the road today. Excel’s three-plus decades of building distinctive fifth wheels combined with the art of listening carefully to our customers, results in the ability to design products people love. The Limited Edition make words like “refined” and “luxurious” seem almost inadequate.

New refinements make the Excel a better value than ever. Standard features in the 2001 Limited Edition include quality amenities like solid surface countertops, nightstands on each side of the bed, and a solid oak pedestal table in the dining area. Also standard is top-of-the-line Wilsonart® "Performance Flooring" in the kitchen area, an extra large LP access door, and the practical "Chill Grille" vent for quick cooling of the living area.

Solid Surface Countertops

Central Vac System

Year-around comfort and years of carefree enjoyment.

New!

27" TV/VCR/DVD Combo

Optional amenities include a built-in TV/DVD digital home theatre system with surround sound, a central vacuum system, a snug "LeisureAire" mattress with dual-adjusting comfort for a perfect night's sleep, ceramic tiled bath and kitchen, and even a ceiling fan.

Fully Functional Gas Fireplace

# Excel Limited

EZ-Up Oak Table

"LeisureAire" Mattress

Optional slideout propane compartment keeps tanks secure, and makes the controls easy to read and reach.

Optional electric stabilizer jacks make set-up a breeze and saves your back and shoulders.

Convenient storage space is never in short supply inside and out, including over 1½ tons of payload capacity in every coach we make.

One touch awning system allows you to extend the shade at the push of a button.

Optional dual slide-out storage trays keep your belongings within reach.

The Excel Limited Edition features our exclusive "Walk-Anywhere" one-piece fiberglass roof—not only easy to maintain, but providing an exceptional barrier against the elements.

Gel-coated fiberglass exterior gives your Excel a beautiful, easy-to-clean, durable outer skin that is virtually impervious to the elements.

R7 sidewall insulation (doubled in the floor and roof) helps keep the coach cozy in winter and cool in summer, while also saving on heating a cooling costs.

7'6"

6'

Handy lawn chair storage is easy to access, and keeps the chairs from taking up useful storage space elsewhere in the fifth wheel.

Handy lawn chair storage is easy to access, and keeps the chairs from taking up useful storage space elsewhere in the fifth wheel.

## Excel Spotlight: Self Adjusting Flush Floor System

Our Self-Adjusting Flush Floor System totally eliminates the ledge between the main floor and the slide-out.

1½" thick access doors with heavy duty flush-mount locks are rugged and keep their tight fit.

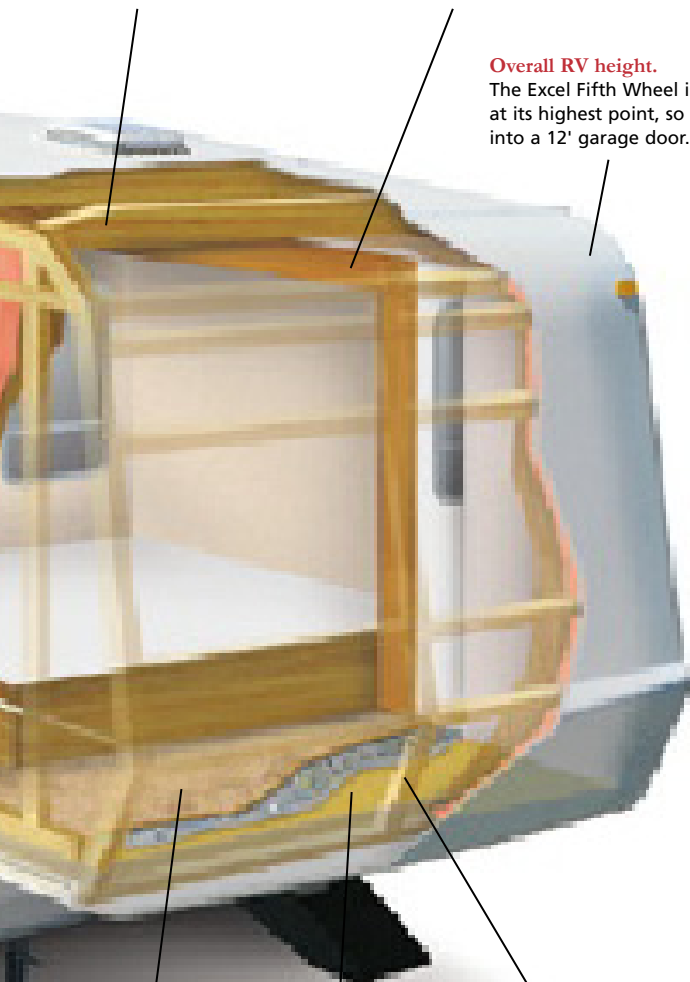

Heated basement area protects under-floor systems and stored items from weather extremes.

**2" x 4" tapered roof design** provides outstanding run-off—shedding rain and snow more effectively and completely than flat roofs.

**Bedroom slide out** is 6" deeper than many of our competitors, allowing for more dressing room at the foot of the bed.

**Overall RV height.** The Excel Fifth Wheel is 11' 11" at its highest point, so it will fit into a 12' garage door.

**Residential grade carpeting** with 8 lb. rebond pad.

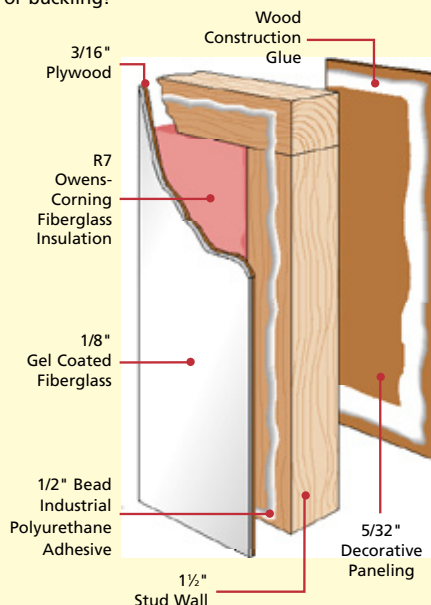

**Full 5/8" plywood floors** are sturdy, quiet, and give your home a solid base.

**Wood frame construction** is especially beneficial to full-timers because of its strength, durability, and comfort.

## Excel Spotlight:

### PPLS (Positive Pressure Lamination System)

Our unique lamination system ensures the strongest, most reliable sidewall available. No delamination or buckling!

#### Fact:

Did you know that the industry standard for fiberglass sidewall delamination is about 1%? That means one out of every hundred coaches have a delamination problem. Peterson Industries has manufactured over 5,000 sidewalls using our exclusive PPLS system without a single case of delamination.

## Excel Spotlight:

### "Drop Z" Frame Design

Our exclusive frame design provides a lower center of gravity for easy towing stability, and more useful basement storage.

**Optional exterior utility center** offers convenient access to water and electricity.

**Optional Pivot-EZ sewer hose** compartment ensures you'll never have to disconnect your hose from the RV.

**User friendly steps** are easy to pull out and fold up.

**Lawnchair storage** is convenient and saves space.

**18-inch satellite system** means you'll never be at a loss for television programming.

Under our exclusive "Two Year Total Trust Warranty," Peterson Industries, Inc. warrants the structural portion of the recreational vehicle to the original purchaser for two years from the date of original purchase. This structural warranty provides a guarantee against defects of material or faulty workmanship of the steel frame, wood structure, laminated sidewalls, roof, and slide-out room systems (excluding motors). The balance of the recreational vehicle is warranted for 12 months from the date of purchase against defects in

## Excel's 2 Year Total Trust Warranty
