

2009 FIFTH WHEELS

The Limited line is designed to incorporate all our most advanced features into a single, premium-quality fifth wheel. It is the RV equivalent of a dream home — luxurious, well appointed and packed with amenities! Standard features include many extras that would be options (or not even available) on other models: A new generation hydraulic extension system for slide-outs and jacks, 32" HD LCD television, a china toilet, LED taillights and dozens of other luxury touches. The Limited even has a pillowtop mattress with box springs – a first for the RV industry.

Like a nice home in an upscale neighborhood, the Classic is designed to be more affordable while maintaining comfort. Consequently, the Classic uses a number of proven features and systems that are equally as reliable, but not quite as luxurious and "cutting-edge" as those of the Limited. For example, the jacks are electric (though the slide-out rooms feature new generation hydraulics) and many of the luxury touches that are standard in the Limited are optional features in the Classic.

OUTSTANDING CONSTRUCTION SETS US APART

- Wood frame construction is especially beneficial to full-timers because of its strength, durability, and comfort.
- Full 5/8" plywood floors are sturdy, quiet, and give your home a solid base.
- Heated basement area protects under-floor systems and stored items from weather extremes.
- Exclusive "Walk-Anywhere" one-piece seamless rubber roof (Excel RT & Classic) and molded gelcoated fiberglass roof (Limited) are not only easy to maintain, but provide an exceptional barrier against the elements.
- Gel-coated fiberglass exterior gives your Excel a beautiful, easy-to-clean, durable outer skin that is virtually impervious to the elements.

- 2" x 4" tapered roof design provides outstanding run-off – shedding rain and snow more effectively and completely than flat roofs.
- R10 sidewall insulation and R17 floor and roof insulation help keep the coach cozy in winter and cool in summer, while also saving on heating and cooling costs.
- Standard pin height is 43½".
- Our exclusive "Drop Z" frame design provides a lower center of gravity for easy towing stability and more useful basement storage.
 We use a box tube frame for unbeatable strength and durability.

The RT has a different user in mind. It's designed for the Trekker crowd who tend to leave the beaten path when searching for outdoor recreation. The engineering emphasis is on designing a frame and suspension system that allow the RT to be pulled over rougher roads and into less civilized camping sites. In addition, the Excel RT stands head and shoulders above competing coaches in the same price range. The construction techniques and materials that go into the RT are of the same high quality as our Classic and Limited. The difference between the RT and its competitors is the structural engineering emphasis on rugged and value-priced features.

The Wild Cargo allows travelers to take their action with them wherever they go. A spacious cargo area with rear garage entry or optional side entry easily accommodates a 4-wheeler, golf cart, snowmobile, motorcycles or other equipment. "E-track" cargo tiedowns, aluminum framed ramp door, easy-clean commercial grade flooring and optional patio screen lends convenience and cleanup ease. A relaxing living area features a double-sized loft bed, slide outs, and plush master suite with queen-sized bed and enclosed bath. A hinged 32" HD-LCD television can be viewed in either the living area or garage!

UNBEATABLE WARRANTIES

With Excel's Minus Ten Degree Guarantee, you can be sure your holding tanks, water tank, interior water lines and other essential plumbing won't freeze – all the way down to minus ten degrees!*

* See your dealer for complete explanation of product warranties. The Minus Ten Degree Guarantee is n effect on all 2008 and later models with optional Thermopane windows installed. Furnace must be in operation for guarantee to be in effect.

WARRANTY

Excel's 2-Year Total Trust Warranty is your guarantee that, in the unlikely event something goes wrong with your Excel fifth wheel, we'll fix it. It's that simple. We have so much confidence in our quality workmanship and attention to detail that we'll stand behind our products in every way for a full two years after its original purchase.

Eco-friendly logo here

Peterson Industries has been recycling materials in our manufacturing plant for over a decade; using scrap material from door and window cutouts for use on our exterior access doors. In addition, we use ecofriendly print processes to produce our brochures and print materials.

The 35GKE and 36GKE feature a standard 42" auto-lift HD LCD television.

LAVISH LUXURY

The Excel Limited is a world unto itself – a luxurious five-star hotel on wheels. Elegant comfort comes standard, with solid wood cabinetry, berber style carpeting, 32" HD LCD television and recessed halogen lighting. Nineteen wide-open floorplans feature abundant options including king bedroom suites, padded ceilings and cherry-stained wood cabinetry. New-generation hydraulic slide-outs and jacks give you ultra-smooth operation for the ultimate in ease and convenience. And our optional Hydralift carrier, available on 33' models and shorter, allows you to take your motorcycle wherever you go.

Stylish graphics and optional Prestige exterior provide a classic look you can be proud of for many years to come.

THE ULTIMATE IN COMFORT

- A 32" HD LCD televisions give you maximum entertainment in a minimum of space.
- B Long-lasting and ultra-bright LED tail lights are easier to see and are virtually maintenance free.
- C A new standard feature, the grandfather clock, hides the slide-out switches and features hooks for all your keys. (Not available in all floorplans.)
- D Standard bathroom amenities feature style and functionality, with skylights, coordinated fixtures and an efficient 16 gallon output water heater, standard on every Limited model.
- E Stacked washer/dryer units in the bathroom are attractive options for snowbirds and fulltimers.
- Solid surface flush mount range cover cleverly increases your work space.
- G Your dreams will be sweet indeed with our exclusive pillowtop mattress and box springs set.

Enjoy our standard warm oak cabinetry, or upgrade to the richness of our Brazilian cherrystained maple finish.

There's quality underfoot! We feature Residential Laminate Flooring.

Sand countertops standard with oak

Black countertops standard with Brazilian cherry

Thoughtful amenities like flush sink covers give additional workspace, and mesh perfectly with the beautiful Toughstone composite countertops.

CLASSIC COMFORT

The Excel Classic is a true home away from home. Smart design, a warm and inviting decor and intelligent storage provide just what you need to escape the stresses of everyday life in comfortable style. New-generation hydraulics on every Excel Classic provide smooth and trouble-free operation for each slide-out. Standard amenities include a convection oven, oak-framed cabinet doors, 32" High Definition LCD television and beautifully durable berber-style carpeting. Available options provide every creature comfort, including a stacked washer/dryer, central vacuum system, king bedroom suite and innovative "dual desk table" (above right).

OUR INNOVATION NEVER STOPS

Whether it's developing new design details, creating storage solutions or adding strength and durability, Excel is committed to continual improvement. Our commitment to quality is why we are a top-rated man<u>ufacturer in the RV industry.</u>

- Satin nickel faucet
- Gel-coated access doors are a full 1-3/8" thick
- Shower skylight C
- Exterior lawnchair D storage (most models)
- Deep, roomy drawers Ð
 - Increase your counter space with this pull-up countertop extension (most models)
- G Pull-out pantry provides easy access and visibility while maximizing storage space.
 - Features such as custom moldings and etched glass showcase the meticulous detail and craftsmanship devoted to every Excel coach.

RUGGED STYLE

If your idea of adventure involves a rough road and scenic seclusion, the Excel RT can get you there in fine style. With a frame and suspension specifically engineered to withstand a more rugged terrain, the RT's efficient and sturdy interior stands up to whatever your adventure dishes out without sacrificing the comforts of home. Comfortable furniture and efficient floorplans add a homey feel to behind-the-scenes engineering features like our box tube (not I-beam) Drop Z frame, 1-3/8" access doors, gel-coated exterior and heavy-duty chassis.

Our Minus 10 Degree Guarantee means the RT will be heading out long after its competitors have been stored for the season.

0 0

You'll feel right at home while getting away from it all in an interior designed for relaxing. The RT offers twelve different floorplans to accommodate every travel need and style preference. Standard sofas fold out to provide additional sleeping options for overnight guests. Thoughtful planning maximizes storage and creates a sense of space. From front to back, the RT is designed for efficiency, comfort, ease of maintenance and exceptional value.

-

TAKE A RIDE ON THE WILD SIDE!

Excel's Wild Cargo toy hauler brings the action with you wherever you go. A spacious cargo area easily accommodates a 4-wheeler, golf cart, snow mobile, two motorcycles or other equipment. "E-Track" cargo tie-downs and an easy-open aluminum framed ramp door provide security and accessibility. Optional built-in generator and 30-gallon fuel cell provide worry-free camping in remote areas. Commercial grade rubberized flooring makes cleanup quick and easy, and an optional pull-down patio screen keeps the bugs out.

Wind down in an interior designed for relaxing, with roomy slide-outs in the kitchen and living areas, and comfortable master suite with a queen-sized bed and enclosed bath. A double-sized loft bed above the cargo area, and optional electric lift bunks in the garage provide plenty of room for friends and family. Other Excel features rarely found in other SURVs are the standard Eurochair/recliner, optional washer/dryer in the bathroom, and innovative hinged 32" HD LCD television that allows for viewing in either the living area or garage! Every inch of Excel's new Wild Cargo is geared toward your fun-loving and action-packed lifestyle.

Rear garage entry or optional side entry gives the flexibility needed to load a variety of cargo.

EXCEL OFFERS DOZENS OF OPTIONS TO FULLY CUSTOMIZE YOUR FIFTH WHEEL.

- A The central vac with powerhead and VacPan makes cleaning a breeze!
- B The new "RoadTrip" automatic satellite system enhances your TV experience.
- C Our optional EZ-up coffee table can be extended and used as a writing desk or an additional place setting.
- D The quad door refrigerator features 12 cubic feet of space.
- E Attractive and easy to clean, this glass top range offers the best of both worlds with two gas and one electric cooktop element.
- Excel's exclusive "Dual Desk-Table" gives those who want easy access to their computer, printer and files a way to convert the dining table into a workspace. Simply drop the hinged tabletop under the desk.
- G Slideout propane compartments on each side of coach keep tanks secure, and make the controls easy to read and reach.
- H Camper jacket adds style and protection, and yet still allows you to access the basement door.
- Pivot-EZ sewer hose compartment ensures you'll never have to disconnect your hose from the RV.
- J The Glide Ride Pin Box absorbs bumps and jolts through a gravity, self-centering parallel linkage system.
- K The boat hitch doubles as a receiver hitch for a bicycle rack.

- Our "New Generation" hydraulic jacks make leveling your fifth wheel easier and smoother than ever.
- M Electric stabilizer jacks make set-up a breeze and saves your back and shoulders.
- N The Electric Awning is just as sophisticated as the rest of your RV – operate it from inside, key fob remote control, or let the wind sensor automatically retract it!
- O The Mor/ryde (rubber independent suspension) system and disc brakes replace the standard leaf spring suspension to provide smoother towing. We also offer disc brakes without the MorRyde suspension.

Due to frequent changes by tow vehicle manufacturers, Peterson Industries and Dexter Axle cannot guarantee the compatibility of integrated brake control systems with our disc brake option. To check compatibility, contact Dexter Axle at 574-295-7888.

- P We've added even more strength and stability with struts on heavy access doors (standard on Classic and Limited). Plus most models offer slide out basement storage.
- O The Reel-EZ water hose makes extending and storing your hose a breeze.
- R Our multi-function utility center provides easy access to shut off individual faucets, change water filters, replace vacuum bags, disconnect the battery and more.
- S Haul your motorcycle, golf cart or ATV anywhere with our frame-mounted Hydralift[™]!
- A hinged LCD-HD television doubles as extra storage in the bedroom.

2009 OPTIONS & STANDARD FEATURES

Each Excel model is geared to meet the expectations, needs and budgets of different RV buyers. It's not a matter of one line being "better" than another, but more a question of which line best meets your lifestyle. The chart below compares the standard and optional features of our four lines. Rest assured, however, that whether you pull a Limited, Classic, RT or Wild Cargo, your fifth wheel comes with one standard feature no other manufacturer can offer — the legendary value of Excel!
